Subject: Request for NC due to participation in 24-hour hackathon.

Dear Madam,
I am writing this to request for your consideration of lectures for 21th & 22th February, 2026. Our team '1hpClutch' has been selected to compete for the final round of the 24-hour national level hackathon (S.P.I.T. HACKATHON 2026) at Sardar Patel institute of technology, Andheri Mumbai.

Given below is the list of my team :-
1) Rion Tuscano (10464)

Attending this hackathon provided us with practical exposure and the chance to work on real world challenges, which we believe greatly contributed to our academic and professional growth.

We assure you that we will complete all the missed coursework and assignments that happened during this leave.
We would be grateful for your kind consideration.

Yours faithfully,
Rion Tuscano
